## APPLICATION FOR VOLUNTEERING FOR WELL MONITORING

### Water Monitoring Committee

**Thomas Bird:** Chairman of the Water Monitoring Committee .....262-662-2971  
**Carolyn Fehn:** Committee Member .....414-640-4491  
**Open:** Committee Member.....000-000-0000  
**Joe Reilly:** Committee Member .....262-662-0192  
**Mark Schlottke:** Committee Member .....262-662-3179

### MISSION STATEMENT OF THE WATER MONITORING COMMITTEE

The **Town of Vernon Water Monitoring Committee** was established in recognition of the fact that the entire water supply needs of the residents and businesses in the Town are met by using natural groundwater resources. Increasing population and continuing development of this area of Waukesha County has increased the demand upon these groundwater supplies. The Committee will undertake the monitoring of ground water levels in a representative network of wells to establish a record of current trends in the groundwater levels. The records will provide a factual basis on which to make informed decisions on development and provide a baseline which the Town can use to demonstrate any adverse changes to our groundwater supply. From time to time the Water Monitoring Committee may be called upon to do water testing if the Town Board so decides.

**Volunteer's Application for Town of Vernon: Water Monitoring Data Collection**

**Volunteer's Name:** \_\_\_\_\_

**Volunteer's Phone Number:** \_\_\_\_\_

**Volunteer's Email Address (optional):** \_\_\_\_\_

**Volunteer's Address:** \_\_\_\_\_

**Best Time to Contact: Day(s)** \_\_\_\_\_ **Time:** \_\_\_\_\_

I have read the Well Monitoring Committee's Mission Statement and wish to have the Committee consider including my property in the well monitoring data collection process. I understand that the types of tests that will be conducted are up to the discretion of the Town of Vernon and that, if selected, I will be required to sign a release provided by the Town and to provide access to the interior of my residence once per year or as required per data needed to obtain a water sample. I also understand that I will need to permit access onto the property approximately six times per year for monitoring purposes.

In order to facilitate the selection process, the volunteer is required to make a rough sketch of your lot and to indicate the location of the house, drive and well.

\*Please be advised that at the end of the selection process only 35 volunteers will initially be chosen. Thank you for volunteering.
